EBCT Screening Disclosure and Consent

I voluntarily consent and authorize Front Range Preventive Imaging physicians, technologists, and Medical assistants to administer the testing required to perform the EBCT Ultrafast Cardiac screening test.

IF YOU ARE CURRENTLY EXPERIENCING CHEST SYMPTOMS: PAIN, SHORTNESS OF BREATH, ETC : YOU MUST PROVIDE US WITH A PHYSICIAN'S NAME TODAY

I realize that there is a small amount of radiation exposure associated with the EBCT procedure. I further understand that although this screening can help identify certain early disease states, it should not be considered a substitute for a thorough examination or other testing recommended by a physician. Like all diagnostic tests, a normal scan does not guarantee that I will not have a heart attack or need treatment for coronary disease.

I understand that the EBCT Ultrafast examination is intended as a screening tool and the possibility exists that abnormalities may be found. If such abnormalities are found, I understand that other testing and/or diagnostic procedures may be needed to further evaluate the findings. I do understand that such tests and/or procedures may entail additional costs for which I am responsible. **I understand that Front Range Preventive Imaging is not responsible for my follow-up medical care. My results will be made available to the physician of my choice.**

I have been given an opportunity to ask questions about this procedure and the risks and hazards involved and I believe that I have sufficient information to give this informed consent. I certify that I have read this form and I understand its contents.
